## **Surat AL-Saffat: stylistic study at the lexicon level**

**Miss :Adalah Al-Salem  
Dr. Mohammad Ahmad AL-Qudah  
Faculty of Arts - The University of Jordan  
Amman - Jordan**

### **Abstract**

This article concerns with studying the words of Surat AL-Saffat through describing its linguistic elements. The researcher has chosen the word as a denoting unit in the lexicon study to march out their purposes. The researcher has chosen the words which most commonly used and which are stylistic highlighted either being a verb or a noun. It also stops at the structure of single compound nouns due to the differences of their mould and the structure of single verbs.
